FIREMEN'S CONVENTION .- A meeting of the Firemen's Convention was held last night, at the Hydraulion Engine House, Dr. J. B. Johnson, Chairman, and Park Agnew, Sec-

The Chairman said that he was informed that a letter had been received from Baltimore, stating that the 5th Maryland Regiment desired to visit this city on the 22d inst. He called for any information members might have on

Major Duffey said he had received a letter saying that the regiment would probably come if invited.

Messrs. Falls and Nevett had received letters to the same effect.

Mr. Penn moved that a committee of four be appointed to invite the regiment. Mr. R. M. Latham moved to amend by instructing the committee to also invite Co. A.

Washington Light Infantry. Major Duffey opposed the amendment, say ing that there were other companies in Washington, and one should not be invited without all. He thought that the general invitation to trades, associations, &c., would apply to the

Washington organizations. Mr. Falls read a letter from Capt. J. T. K Plant, of the Columbia Cadets, accepting an invitation, from Chief Marshal Windsor, to participate in the parade.

Mr. Windsor explained that he had been requested to call on Capt. Plant, who told him the company wanted to come and did not desire to be entertained. Of course he expressed pleasure at having them join.

Mr. Falls said that Capt. Plant gave as a reason for not wanting entertainment, that the last time they were here, they were entertained so well that he could not get more than half the company to go home.

Mr. R. M. Latham understood that Co. A. would not come without invitation. He moved that all military organizations in Washington be invited

Mr. Hugh Latham thought that we were undertaking too much. The citiz as complained now of the contributions given to the companies and certainly could not be gotten to contribute \$500 or \$600, which would be required to entertain all of these visitors. The sum of \$150, which had been suggested, would not do. If there were no other obstacle, the condition of the streets, alone, should deter us from inviting strangers here. Mr. Latham proceeded in a satirical strain ridicultag the proposition.

Some further debate ensued between several members. Mr. R. W. Falls made a statement by re quest. He was confident that \$150 could be raised, and that would provide a cold collation. He knew of considerable money already pledg-

ed. As the matter had been made so public, he thought we could not, in decency, refuse to invite the 5th Maryland Regiment. After some further debate, and amending the resolution by making the committee five

instead of four the resolution was adopted. The Chair appointed as the committee Messrs. Wm. Kilgour, R W. Falls, Hugh Latham, D. A. Windsor and D. L. Smoot. After some discussion as to the manner of invitation. &c., the Convention adjourned to

meet on Monday night. Mr. Fails, of the committee, has gone to Baltimore, and will make arrangements for the attendance of the whole committee at the meeting of the regiment, which takes place to mor-

B. F. Penn, James Dugan, Norman Jenkins, Charles Mankins and Dr. J. B. Johnson.

The following resolution was offered and

in a recent debate. Mr. Wm. Murtaugh was elected an active member.

A communication was received from S. C. Neale, President of the Alexandria Library Company, asking the appointment of a committee of five to act conjointly with like committees from other companies and organizations in aid of a proposed ball for the benefit of the Library on the 22d ios.

On motion, Messrs. R. L. Carne, A. C. Keil, H. J. Nevett, Samuel Tennesson and M. Waterman were appointed such committee. The meeting then adjourned.

THE 22D -The Baltimore Sun of this morning says: "In Alexandria, Vat, yesterday, the Firemen's Convention voted to extend an invitation to the Fifth Maryland Regiment to participate in the celebration in that city of Washington's birthday on the 22d of February. A committee will visit Baltimore on Saturday evening to formally present the invitation. It is expected that a number of members of the Baltimore city fire department, as private individuals, will be present in Alexandria on the day of the celebration as guests. It is in tended to make the demonstration a grand affair.

SETTLERS .- Among the arrivals here to-day were two families from Pennsylvania, numbering about ten or twelve persons, who will remain here until they select permanent homes in some of the adjoining counties in the State. The indications are that immigration to this section of the State will be brisk during the coming spring, principally from the North and Northwest. Already a number of farms have been sold to settlers from those sections of country through the agency of Green & Wise, of this city.

close of the morning hour. The Centennial bill was then taken up and advocated by Mr. Randolph, of N. J., in a handsome speech, which was thought to bear a marked resemblance to some of the most finished orations of Mr. Sumper.

THE DEMOCRATIC CAUCUS.

The Democratic members of Congress met in caucus, last night, on the monetary question. There was little discussion. He answered a number of questions in regard to the bill. BRUCE'S SPEECH. The statements of the morning papers relative to the speech of the colored Senator Bruce in executive session, last night, (published elsewhere in to-day's Gazette,) are true in the main. Bruce cut loose from the Republican party and bade defiance to Grant's administration. The Republicans thought that the speech would do much harm if it got abroad, and voted down a motion to remove the injunction of secrecy from the deliberations.

SOMETHING NEW! The undersigned would respectfully announce

to the citizens of Alexandria and vicinity, that, having introduced their improved STEAM FEATHER RENOVATOR into this place, they are now prepared to cleanse and renovate feathers in the most effectual manner. By a pressure of steam, and the way it is applied, together with the facilities for ventilating and drying which we have invented, we claim more effectually, and in less time, to renovate feathers than by any process ever offered to the public. Our process not only cleanses old feathers from all impurities, relieving their matted condition, thereby increasing their bulk nearly one half, making them light and lively, clean and healthy, but also removes the disa-greeable odor so common to new feathers, and

destroys all moths and the liability thereto. For further particulars and prices see bills which will soon be in circulation. Satisfaction will be guaranteed, or no charge will be made.

Parties desirous of examining the process are respectfully invited to call at our place of business, NO. 66 KING STREET, between the hours of 9 and 12 a. m., where the patentee or his agent will be found, who will take pleasure in snowing how the work is done.
